4" steel channel frame rails
3" steel channel cross members
1/8" steel tread plate deck
Steel tubing headache rack with round "easy view" window grill
Angled fuel fill (cast aluminum)
Four lockable recessed tool boxes, two per side, located in front and rear of wheel well
Rear bumper with aluminum tread plate trim
Full access receiver mount
Full length rear skirt
Full length side skirt with stainless fenders and aluminum tread plate trim
Rear bed corners tapered for turning radius
Aluminum cast lights and tag insert

Premium TGIC Polyester powdercoating: black
Four flush-mounted tie downs
Trough
Dovetail

LIGHTS

Two LED recessed tail, brake, and back up lights mounted in headache rack
Stop, turn, tail, back up, and tag lights in skirt
DOT required lighting (clearance and marker lights)
All lighting must be wired to meet all DOT requirements as originally intended by the vehicle manufacturer.

FENDER WELLS

Due to various chassis lengths and configurations, specific measurements may determine the fender well placement on skirted beds (i.e. 2003 Dodge is 58" cab to axle measurement, whereas Ford and Chevy are 56" on bed off models)
